

DIRECTIONS TO: 1455 East A B Wade Road * Portland, TN 37148

Take I-65 North out of Nashville to Exit 95
(Hwy 386 / Vietnam Vets Blvd / Hendersonville / Gallatin)

NOTE: There are a couple of splits on Hwy 386. You will want to stay left towards Gallatin.

Approx 15 miles traveling on 386 (total mileage from beginning of Exit 95 to Hwy 109) there will be a Thornton's gas station on your right. Continue through the traffic light, and exit on to Hwy 109 (to the left under the bridge) to Portland

Note: STRICT Speed Limit on Hwy 109 is 55mph

Travel on Hwy 109 until you see the top of a blue and white water tower on your left up on the hill.
Just past the tower you will take a right on to S. Tunnel Road.

Travel about .7 miles to a stop sign. Careful, traffic coming up the hill from the right has the right of way.
S. Tunnel Rd continues to the right but you will go straight through the stop sign (Old Gallatin Road)

About 1.7 miles after the stop sign is a very sharp and dangerous curve to the left. Careful.

About 2.9 miles you will come to another funky 2 way stop but 3 way access.
Careful... traffic coming down the hill from the left has the right of way.

At 3.3 miles you will take a right on to East A B Wade Road.
(NOTE: There may not be a street sign cause people keep stealing it)
Cross the railroad tracks and continue on for about another 1.5 miles.

You will crest a 2nd hill and the farm will be right in front of you.

The driveway is to the left in the bend of the curve.

CAUTION: These are very narrow country roads with trees right on the roadway, possible deer jetting across the road, wild turkey, ground hogs, cattle, big tractors and the occasional old dog just sunning & licking himself in the middle of the road.
